2017-2018

NATIONAL DAY ACTIVITY

2nd December, 2017

The part of UAE history I love the most is none other day than National Day; the special day where we became the United Arab Emirates. That day, we also celebrated unity not only among the emirates but also between people in different nationalities who lives in harmony in this beautiful place. You don't find this in other countries! It is a day to be thankful for all that we have. We celebrated it in a simple manner with the class by showing videos and PowerPoint presentation about the significance of the UAE National Day. We have already started decorating our class with the UAE flags and you can see it from the school grounds as well.

During this activity, the students were able to:

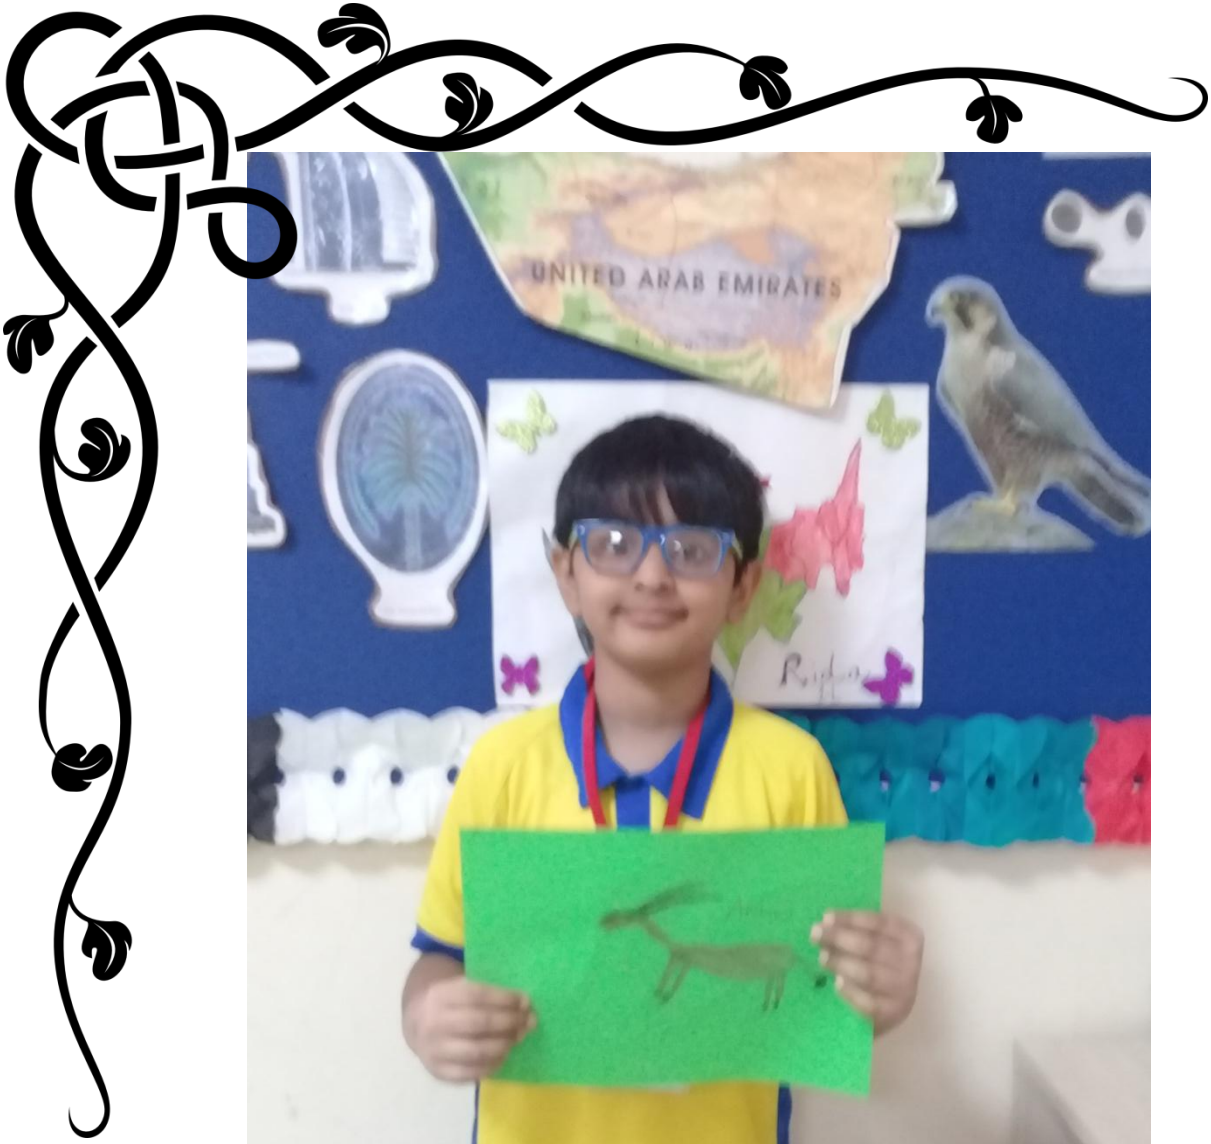

- Getting involved by showing their love and support to the Spirit of the Union through singing the National Anthem, “Ishi Biladi”.
- Sharing and expressing their thoughts about being part of the National Day.
- Write or draw an art activity in relation to the theme.

Prepared by: Miss Rochelle- Year 1L Class Teacher

Art Class Activity

Rida drawn an impressive map with the color representation of the flag of the UAE. Good job! 😊

Muhammad Arshman's favorite animal which can be found in UAE is an Arabian Oryx. Lovely!

Malik will be more likely become an abstract artist someday
in such a young age!
