

Event: Assembly
Presented by: 4A
Date: 25/04/2018

The morning assembly was presented by 4A. The idea of the day was “Honesty is the best policy”. Students explained why we should always be honest, even if we are scared to get into trouble.

The children also shared some very nice quotes to fully explain how to be honest.

Students performed a short skit to elaborate on how we should be honest. A king met a poor man and asked him if he was honest. The poor man insisted that he was. The king gave him two bags: a small one and a big one.

The king told the man to give the large one to the farmer and to keep the small one for himself. The poor man promised. However, he thought he deserved the bigger bag, and so he gave the farmer the small bag. The farmer found gold inside and was very happy.

The poor man later opened the big bag expecting lots of gold, but instead found seeds. IF he had been honest, he would have been rich. The moral of the story is to always be honest.
